August Hornung is back on the job at the court house. He blew in Saturday evening somewhat ahead of the schedule he planned before leaving. After a round with the heat at San Antonio and Austin, he came home to cool off, and it would be a pretty safe bet that he will spend the remainder of the warm period in good old Medina. He saw no crops in his journey that equal those of this country. In fact, he says the outlook for crops in Hays and Travis counties are anything but promising, but says some of the farms in Comal and Bexar counties look fair. He says the torrid heat of Central Texas drove him home that he might not completely roast. Nothing but the salubrious climate of West Texas for him the balance of the summer.

The waste places about the streets and alleys and many of the vacant lots of Hondo are a wilderness of weeds. These weeds not only give our town an unsightly appearance, but with the approach of their maturity and decay will become a serious menace to the health of our people. Having no city government, it is nobody's business to see that these pests are destroyed, but regard for our own health, not to mention one's sense of civic pride, should prompt everyone to make individual war on them whenever and wherever possible. Let's have a clean little city.

Charles Krenmueller was up from Enterprise community, below Dunlay, the first of the week. In an interview with a representative of this paper, he informed us that a good corn crop is assured throughout his section and the dry, hot weather is having a very beneficial effect on the cotton crop. He is hopeful of a fair yield of that staple. The oat crop yielded only a light output of grain, yielding but little better than 25 bushels per acre in his community.

Felix Batot, president of the Hondo Lumber Company, is taking his vacation just now. We are at a loss to know how he learned this hot wave was due, but of one thing we are certain, and that is that he showed extraordinary judgment in timing his annual vacation.

Fishing parties are numerous but fish are scarce. About the only objection we have to these parties is the havoc it is playing with the veracity of our people—each succeeding party going out to try and catch the big ones that the previous party hooked but failed to land.

Activity in stock transactions are beginning to show some life. D. W. Short has reduced the one and two year old yearling steer supply of the Rothe Brothers by some 500 head, while Paul Richter made an inroad on the Decker herd of some 175 head. Prices quiet.

Mr. and Mrs. Joe Huesser, Mr. and Mrs. Robert Reitzer, Mr. and Mrs. Louis Grell and Mr. and Mrs. Joe Palle of New York and Mrs. Fritz Bohlen and Miss Annie Balzen left Wednesday on a fishing trip to Cypress, above the Medina Dam.

Mr. and Mrs. Mimke Muennink and their guests, Mrs. Snoddy and her son and his wife, Mr. and Mrs. Fritz Muennink and Lou E. Heath and family and Miss Sara Wyatt of Sabinal spent most of the week camping at Medina Lake.

Mrs. H. A. Snoddy of Weatherford, accompanied by her son, Harry Snoddy, and wife are the guests of Mr. and Mrs. Mimke Muennink this week.

Miss Alta Isom of San Antonio and Miss Susie Montgomery of San Antonio were the guests of Mrs. R. M. Yantis here this week.

Several of Hondo's young people motored to Pearsall Thursday evening to enjoy a dance.

Mrs. Will Dulnig is here from Big Wells, the guest of her mother, Mrs. Anna Rothe, and other relatives here.

Several from here are at Castroville today, attending the boys' club encampment at that place, program of which appeared in this paper last week.

Mr. and Mrs. A. G. Hollaway returned to their home at Runge Friday after a ten days' visit to Mrs. J. W. Hollaway and family. They were accompanied home by Misses Lucille and Lottie Hollaway.

A large part of Hondo's population Sundayed in Castroville last Sunday, some being drawn by the big state meeting of Catholic societies, some by the Lutheran picnic and others for various reasons.

Mrs. Henry McCall, after a several weeks' stay in San Antonio where she had been receiving medical attention, returned Wednesday. It will be good news to Mrs. McCall's friends to learn that she is again enjoying normal health and has been discharged by her physician.

Mrs. Henry Moore was called to San Antonio the first of the week to the bedside of her son, Roland, who has been somewhat indisposed for some time. Late advices from the sick room are somewhat disquieting, as he is reported to be gradually growing worse. Roland's friends here trust that he will soon take a turn for the better.

The farmers of this community keep Hondo from going broke, as they keep the balance of trade in our favor. The past week they supplied fifteen carloads of outbound freight, against five cars of inbound shipments as follows: Outbound, 13 cars of corn, 1 of oats and 1 of watermelons, against inbound shipments of 3 carloads of flour, 1 of gasoline and 1 of cement.

A. E. Harper dropped into our office yesterday to take a look at the working of our Linotype machine. Like everyone, he found it a marvelous piece of mechanism. But while in the office Mr. Harper found something else to interest him. It was the initial issue of FARMING, our new publication, and he took advantage of our two dollar rate for both papers to become a subscriber.

And still the Anvil Herald's subscription continues to grow, Mr. C. A. Reitzer being one of the latest to add his name to the list. If this thing keeps up much longer the office will have to add to its mailing equipment. But you need not delay on this account, as this is our trouble. We have room enough on the mailing galleys for a few more, so don't be backward. Come on in and we will make room for you some way.

A dog that was supposed to be mad was killed in the southwestern part of town Monday forenoon. So far as known the dog was found and despatched before it had bitten anything else.

An outbreak of hog cholera is reported on a ranch in the western part of the county. The infected herd is isolated and it is not expected that the epidemic will spread. Still, a little extra precaution now with your hogs might not be amiss.

Will Holloway returned Wednesday from a visit to his parents, Mr. and Mrs. John B. Holloway, at LaGrange. He says people in that section seem to be enjoying life, easy in financial matters and at peace with the world. He says the two banks in that town are carrying deposits of something above \$1,000,000, with no local borrowers.

Mr. Yantis expects to attend this exhibit, and would be glad to have all interested parties who can to attend.

J. A. Blackburn was up from the Biry section Thursday marketing some 500 bushels of corn. He says another good crop was made in that section and he, individually, was making room to store the new crop. While some boll weevils are in the cotton, the damage, so far, is negligible, and he is hoping for a good yield. He, like Mr. Hartman, says all the larvae in the few punctured squares are dead, as far as he is able to judge, he attributing their death to the hot sun. Now please, quit kicking about the heated spell we are experiencing just now.

Mrs. Charles Wendland and baby, after spending several weeks at the home of Mrs. Wendland's parents, Mr. and Mrs. Albert Bilhartz, near Biry, left Tuesday for their home at Ranger. They were accompanied home by Mrs. Wendland's sister, Miss Goldie Bilhartz.

The regular weekly meeting of the Hondo Fair Committee, to have been held last Monday night, failed to materialize on account of a quorum. A called meeting was accordingly called for Wednesday night to hear reports of the Finance Committee and of the Publicity Committee. This meeting convened with about half the members present. Only one member of the Finance Committee being present, it was granted more time in which to report. The Publicity Committee submitted a written report, signed by W. N. Saathoff, who is also chairman of the General Fair Committee, J. M. Finger, who is also chairman of the Committee on Prizes, and Judge H. E. Haass. This report was, on motion duly made and seconded, rejected and the Committee discharged by three aye votes, the other ten of fifteen present declining to vote. After which the meeting adjourned.

C. H. Hartman was up from Yancy Tuesday and was a pleasant caller at this office. He challenges Willie Eckhart's reputation as a cucumber grower and if Mr. Eckhart can't come a little stronger it looks as though he will have to yield the palm to Mr. Hartman. He brought a sample of the cucumber he raised this year, the largest of which tipped the scales 4 1-2 pounds. We think this is about the limit, and if anybody brings a larger one we serve notice now that he will have to furnish and affidavit that it is really a cucumber and not a pumpkin. The samples brought to this office show what Medina county soil will produce when aided by sufficient moisture. Mr. Hartman says his good wife has been busy with the canner and that her pantry is filled to overflowing with all kinds of canned goods and that for one year, at least, they are independent of the grocery man. But perhaps the most pleasing information he brought was that the boll weevils were losing out in their fight with old Sol. He says while a few of these enemies of the cotton plant have shown up thus far, their ravages are nil. He says he is watching his cotton close, and while some few squares are being punctured and thrown off, every one he has examined shows the young weevil dead, and he attributes this to the heavy dews of the night and the hot sun of the day, the weevil being absolutely cooked. However, he reports the watermelon crop of his section far below normal, that few, if any, melons will be supplied to the market from that section this season.

You can't reduce the Reilly family. Mr. and Mrs. Jacob Reilly were notified Thursday by wire from San Augustine that they were the grandparents of a fine boy who had arrived at the home of their son, Mr. J. M. Reilly.

Judge Haass went to San Antonio Monday to meet Mrs. Haass, who was returning from Dallas, where she had been undergoing treatment. The Judge returned home Wednesday but left Mrs. Haass at the Santa Rosa Infirmary for a while for further medical attention.

Willie Boehle of Quihi, who was operated on for appendicitis, was reported as doing fine Friday evening, and unless unforeseen complications develop he will in a brief time again be enjoying his normal health. He is at the home of Mrs. J. B. Hurt, who has the nursing of the patient in charge.

Anastacio De Le Cruze, a tenant who lives on the A. B. Brucks farm about nine miles southeast of Hondo, was fined \$14.35 in justice court for moving two head of cattle without a permit. It seems that it is a violation of the law to move cattle without a permit, and parties desiring to move cattle should consult the proper authorities before doing so. This looks like a drastic enforcement of the tick eradication law, but the only way to ever get rid of the ticks is to stop the scattering of them over the country by the indiscriminate moving of ticky cattle.

Anastacio de la Cruze is the first one so far as we know to defy the tick eradication law in Medina county and he is now a sadder but wiser man. Anastacio became somewhat incensed at a dipping vat and proceeded to return home with a couple of cows he had driven to the vat for dipping without putting them through. On being arraigned in court he pleaded guilty to removing cattle without a permit and was handed a prize package to the amount of \$2, \$1 for each cow. As this was the first offense he was given the lowest fine provided by law.

Judge L. J. Brucks was a Bandera visitor Wednesday, he having accompanied George M. Mayer, candidate for the state Senate from the San Antonio district, to that city. Judge first securing a permit from the tick inspector, and parties desiring to move cattle should consult the proper authorities before doing so. This looks like a drastic enforcement of the tick eradication law, but the only way to ever get rid of the ticks is to stop the scattering of them over the country by the indiscriminate moving of ticky cattle.

## HONDO BREAKS EVEN IN SERIES WITH DEL RIO.

Our first experiment in putting our motto of "Nothing but the best" to practice was without a single doubt a huge success.

When a town the size of Hondo undertakes to bring a team of the calibre of Del Rio here for two days and build a practically brand new ball park at the same time, and does these things in the successful manner as it turned out, nothing but praise and glory is due it.

The crowds were the largest in the history of this town and will stand as a mark for future teams to shoot at. The park is by far the best Hondo has had and the games with the possible exception of part of the first were the snappiest, liveliest, fastest and most interesting that have been played here in many a moon.

There is hardly any use in trying to describe the games because the entire town was there, saw and know all about them.

What we do want to say something about is the remarkable earnestness that was shown in these games.

When dad takes mother and sis takes brother and not omitting grandpa and grandma who are always ready to join the crowd and all get together to go to the ball games, you can just write it down that the "Baseball Craze" has hit the town.

This is precisely what occurred on Monday and Tuesday. There was no single family representative at the games but the entire family. And when family meets family and they are all traveling in the same direction and going to the same place, well—you had better hurry up if you want to get a place.

Why, we heard one man remark after the second game that he had about 4 per cent of his kinkfolds there to witness it. This is just one case. How many more there are like it we cannot say but there were many.

The first car was spotted about three hours before the game started and from then on it was regular procession. They kept pouring in from everywhere and the force of ticket sellers were kept hopping and jumping right along trying to satisfy the buyers. While we are discussing our ticket force let us say a few words of praise about them, because they richly deserve it. Their loyalty and hard work is deserving of the greatest appreciation by all and we take this means of thanking Mr. and Mrs. O. H. Miller, Mr. and Mrs. Charles Schuehle, Miss Norma Rothe, A. G. Holloway, Oscar Filleman and Alois Hornung for the great help given us and the wonderful manner in which they carried out their part of the program.

We cannot pass here without thanking Mr. Ed de Montel for it was he who made this great event possible. His kindness in letting us use his land for a park without any compensation whatsoever will be long remembered by all. No truer sportsman ever watched a game of ball.

Regarding the Del Rio team, well, their gentlemanly behavior and clean playing left nothing but boosts for the town they represented. Our only hope is that all teams coming here in the future will leave the same impression.

We play Castroville the 4th and then journey to Del Rio for 3 games on the 7, 8 and 9. Upon our return here we play the second of our program of "Great Teams," the Chicago Cubs here on Wednesday, July 12th.

This is the only undefeated team in the San Antonio City League and ranks second to none in Southwest Texas.

Their record proves that and a great battle is anticipated.

Keep in mind the crowds last Monday and Tuesday, and buy your tickets well in advance.

It is being advertised all over this section of the country and a capacity crowd is sure to attend.

The management is also negotiating to bring the famous Alamo-Peck Indians and Eagle Pass Eagles here and upon completion full announcements will be made.

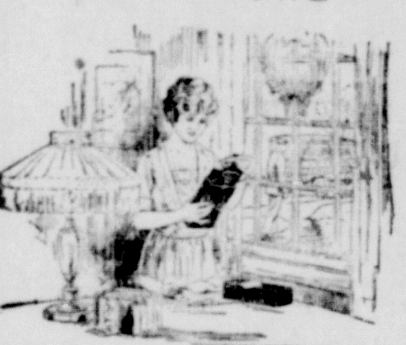

Before closing let us not forget those who are really responsible for our success. Our hats are off to the fans of Hondo.

[Farming]—Mesdames Geo. G. Smith and E. J. Murray entertained with a shower in honor of Miss Pan Giliham, at the Methodist Parsonage Thursday afternoon.

Masters John Henry and Walter Meyer and David Holloway returned Wednesday night, from LaGrange, where they have been visiting their grandparents, Mr. and Mrs. J. B. Holloway.

Mr. and Mrs. George Carle and Mr. and Mrs. Marvin Beal returned Wednesday morning from a visit to Hugo, Oklahoma, and other points in that state and north Texas. Mr. Carle reports conditions dry in Oklahoma. As we did not want to be inquisitive we did not ask whether he referred to the conditions of the weather or the drouth brought on by the Volstead law.

## Local, Personal and Business Items from This Busy Burg

CASTROVILLE, JUNE 29, 1922

ED. HUEHNER, Local Representative

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Sunday, June 25, was a gala day at Castroville, which will long be remembered. It is estimated that over two thousand people from far and near were assembled at Wernette's Garden in the afternoon to participate in a district meeting of the Southwestern Branch of the Catholicische Staats-Verband of Texas. Several good speakers were present, lots of good eats provided for and at night dances at both halls were much enjoyed.

The Lutheran Sunday school and congregation of Hondo enjoyed a grand basket picnic at the Courand Mill Sunday.

Mrs. Pauline Taylor, Miss Lucille de Montel, Mr. and Mrs. Chas. Schuehle, Mr. and Mrs. Oscar Miller, Mr. and Mrs. Earl Boon, Mr. and Mrs. Earl Starnes, Misses Nookie Schuehle, Annie Miller and Lucille Hollaway were among those who were here for the basket picnic at the Mill. MRS. ALYDA HERBERT WERNETTE ENTERTAINED.

On Sunday afternoon, June 18th, from 4 to 6 p. m., Miss Minnie Wernette charmingly entertained at her home with a linen shower in honor of Mrs. Alyda Herbert Wernette, a bride of this month.

Upon arriving, the guests were given numbered entrance cards, after which all were given a fair chance to prove their steadiness by carrying peanuts across the room on a knife. After much excitement and hard work Miss Josie Rothe captured first prize, Mrs. A. R. Wernette second, the consolation going to the bride. Miss Mattie Koch held the lucky number for the entrance prize.

Miss Marcella Cavanaugh then presided at the piano while the hostess led the bride and guests into the adjoining room where the linens were arranged in an attractive well covered with daisies, pink roses and fern. The bride was given a cord and basket, with which she drew the many beautiful and useful gifts from their hiding place. She was assisted by little Miss Alma Wernette who gracefully placed the packages in the basket. After all the gifts had been admired the guests returned to the living room where delicious cake and brick ice cream were served, with daisies as favors. The hostess was assisted in serving by Mesdames A. C. Miller, Julia Wernette, A. R. Wernette, Misses Marcella Cavanaugh and Lillian Wernette.

## IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my housework.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

JUDGE OUSTS SHERIFF

Compels Jury to Return Verdict

Contrary to Their Conclu-

Beaumont, Texas, June 9.—The

jury in the ouster suit against Sheriff

Tom H. Garner today returned a

verdict removing the Sheriff from

office, after having been ordered to

do so by Judge Street of Galveston,

trial judge. The jury asked permis-

sion to take a vote, but Judge Street

said the first one attempting to call

a vote would be fined and placed in

jail, so the jury took no action.

Judge Street ordered the jury to

return the verdict without permitting

counsel for defense to enter testi-

mony in favor of the Sheriff.

"In my contemplation," the Judge

said, "the Sheriff's official oath has

been contravened by that of the Ku

Klux Klan, and that is such official

misconduct as to require that I direct

a verdict removing him from

office, which I now do."

Klan Counsel Takes Bills of Excep-

sel for the Ku Klux Klan, asked per-

mission to enter rebuttal testimony,

and took bills of exception to the

court's remarks that the evidence

disclosed sufficient grounds for im-

peachment and removal.

"We haven't had an opportunity

to offer any testimony in this case,"

he stated. "We stand ready and pre-

pared to rebut all of the averments

and all of the evidence that has been

offered up to the present time.

The "Merry Maids" are no more. Friday afternoon at the home of Mrs. J. G. Newton the old club suddenly vanished, and the "Q. T. Club" appeared in its place.

Ruth Windrow and Evelyn Wilson were conducted through the dark, cool passages of initiation.

Nettie Mae Newton was chosen president, succeeding Mrs. Ruth Van Fleet.

Refreshments of ice cream and cake were very much enjoyed.

## PICNIC OF THE LUTHERAN CONGREGATION.

Last Sunday the congregation of the Hondo Lutheran Church and their pastor, Rev. Grueber, and family left immediately after the morning service at the church in automobiles for Castroville, where a picnic was planned for the Sunday school children on the Medina River just below the dam. On clean, inviting lawn, in the shade of tall pecan trees, the ladies spread the table cloth, connected the different pieces to a long row and formed an angle at the north end. In a short time the baskets from the autos were emptied and the linen bedecked with a great variety of home prepared delicacies.

By this time everybody felt hungry and without asking who had fried the chicken or who had made the delicious salad or the cakes and pies and other good things that were served, all did ample justice to them, and all took their time to eat. The grown-ups forgot that the picnic was arranged mainly for the children. Well, they had their part too, and had their pleasures. Soon after dinner they were in the river and enjoyed the shower bath in the waterfall over the dam, while young men and ladies were swimming above the dam, and the old folks felt comfortable in the shade of the trees. All enjoyed the day after the hearty dinner, enjoyed the outing so much that nobody thought of the fifteen gallons of ice cream in store. The time for supper was drawing near when Rev. Grueber thought about it. The word "ice cream" brought the swimmers quickly out of the river. All presented their tin cups several times. It was too late for supper now, as many had to go farther than back to Hondo, so the picnic started to break up. Everyone will remember this picnic for a long time, also the nice arrangement and the foresight and care of the ladies who did their part to make the outing so pleasant.

### LEOPOLD BRIEDEN.

Leopold Brieden, well and favorably known to a large number of people in Hondo and vicinity, died in San Antonio Thursday, June 22, and news of his death will bring sorrow to many a friend of other days.

After spending the greater part of his life in Medina county, he moved to San Antonio several years ago to pass his declining years, since which time he has but infrequently returned to visit his old home and friends here.

In the passing of Mr. Brieden, his state and county has lost a staunch, upright citizen, and his family and acquaintances a true and faithful friend whose place in their lives will be hard to fill. No one ever spoke aught of deceased except in the highest praise, and his memory will be held in loving remembrance long after the wound made in the breast of Mother Earth to prepare him a resting place has been healed by the hand of Time.

The Anvil Herald regrets that efforts to procure a brief outline of the life of this good man were unavailing and has to content itself with a general mention of his passing.

A good man has laid down the burdens of life and gone to receive the rewards due to an upright and well spent life in this mundane sphere.

## A CARD FROM MR. DURHAM

Editor Anvil Herald:  
I understand there are some people in Medina county who hesitate to vote for me in the July primary for fear that if elected I will favor the creation of a new county out of Medina and Uvalde counties, and I take this method to say to all such that there is no sentiment here favoring such a proposition, and if there were I would be very much opposed to it.

Our tax burdens are already so heavy that we are hunch-backed and bow-legged trying to carry them and I am opposed to adding another straw to the already over-burdened taxpayer's load.

I am more interested in trying to lessen and equalize the taxes we already have and if elected I pledge my best efforts and whatever ability I possess to that end.

Upon this pledge I respectfully solicit the support of the men and women in Medina county, and throughout the district.

(adv.) A. J. Durham.

The Hondo Anvil Herald in its last issue published an account of a cucumber grown by Willie Eckhart of Hondo, saying the Lacoste cucumber grown by Louis Gross looks like a dwarf variety to Hondo cucumber. In saying so Hondo must certainly have been at a loss to know the variety of the Gross cucumber, the fact being it was of the pickling variety, and we are of opinion that no one in Hondo wants a pickle larger than 13 inches in length by 1 1/2 inches circumference, if so, then they better come to Lacoste; we have 'em all sizes.

We desire to call our Hondo friends' attention to our last issue in which we give account of a cucumber similar in size to Hondo's best, at the same time wish to say our latest addition to cucumber display, contributed

by the grower, Reinhart Geiger, Lacoste, one being 15 inches in length, 12 inches circumference, and weighing 3 pounds 9 ounces, another, 17 inches length, by 11 inches circumference, weighing 3 pounds 14 ounces, both specimens being larger than the Hondo cucumber and are on display at the Farmers Union Warehouse Company's store.

Our cucumber specimens are only just coming in, and Hondo will certainly have to go some to beat us in growing cucumbers or anything in country produce, and when it comes to seed, well, get it at Lacoste. We have it.

### —[Farming]— CAPITALIZING MOMENTUM.

Your automobile can run a mile or so on the level on the same amount of gasoline it takes to make a hard start. This is because a going automobile capitalizes momentum.

An express train is less expensive to operate than a local because stopping and starting take so much time and fuel.

The hard work of the world is starting things, which, once started, momentum helps mightily to keep going.

Habit is momentum. Are you capitalizing momentum?

The person who has formed no helpful habits is wasting energy because he is continually beginning. Every good habit, in other words, is a tremendous labor-saving device. Here is a list of helpful habits suggested by one of the world's greatest business men:

1. The habit of Punctuality. Make it a point to be at every engagement a little before the time. The only way to get there soon enough is to start soon enough. Allow for unavoidable delays of transportation.
2. The habit of Honesty. Just get into the way of telling the truth, the whole truth, and nothing but the truth.
3. The habit of Loyalty. You know to whom you owe allegiance. Never speak disparagingly of anything or anybody to whom it is due, and never think it. Reject disloyalty of thought or action as an unclean thing.
4. The habit of Sincerity. Shun pretense, affectation, posing—everything that is opposed to self-expression and truth.
5. The habit of Courtesy. To be courteous once is good, but it is almost wasted effort if you are not courteous all the time. Get the habit.
6. The habit of Cheerfulness. Pessimism is mostly a pose; gloom is usually simply a bad habit; cheerfulness is a good habit. Get it.
7. The habit of Thrift. About all there is to thrift is habit. Put a certain part of all you get into the bank and live on the rest. Put the first part in the bank, not the last.
8. The habit of Aspiration. Think high and work hard.
9. The habit of prayer. Prayer does not mean much in your life unless it is like daily bread. You wouldn't eat once in a while! Pray a little every day.—Herman Stich.
